Pichak

Pichak was started solely with the intention of adding some color into life, both ours and yours. With boring and clichéd slogans adorning our t-shirts and accessories, it's time we wore t-shirts that are represent us truly.

As for the name, Pichak is synonymous with the sound of a splash, so go ahead and add a splash of color to your life with some quirky and fun stuff from Pichak :)

For us, Pichak represents celebrating anything fun under the sun – life, friends, family, vacations, work, art, music, movies, sitcoms and we want to ensure we have a T-shirt for anything you wish to celebrate!
